### Profile

Enthusiastic and detail-oriented **Full Stack Developer** specializing in the **MERN Stack (MongoDB, Express.js, React.js, Node.js)** and modern frameworks like **Next.js, Tailwind CSS, and Vite**. Experienced in building scalable, responsive, and user-friendly web applications with a strong focus on UI/UX design. Proficient in version control using **Git & GitHub**, and confident in deploying fully functional, production-ready websites. Also equipped with a solid foundation in **HTML, CSS, and JavaScript**, along with practical knowledge of **software testing** to ensure code quality and performance.

### Skills

#### Technical Skills

**MERN Stack:** MongoDB, Express.js, React.js, Node.js  
**Front-End:** HTML, CSS, JavaScript, React, Redux, Next.js, Tailwind CSS, Bootstrap, Responsive Design, Vite  
**Back-End:** Node.js, Express.js, MongoDB  
**Tools & Deployment:** Git, GitHub, Vercel

#### Professional Skills

Team Leadership, Clear Verbal Communication, Project Management, Teamwork, Adaptability

### Work Experience

#### Front End Developer Intern, Awdiz Institute

06/2024 – 01/2025

Managed and updated the organization's website, ensuring continuous improvements.

- Built websites for the organization and handled 10 + client projects in real estate.
- Gained practical knowledge in **SEO** practices and code optimization for enhanced visibility.
- Managed the server to ensure real-time updates and seamless functionality.

Vashi

#### MERN Stack Trainee, HasbaSoft Pvt. Ltd.

11/2022 – 05/2023

- Acquired hands-on experience with HTML, CSS, JavaScript, and React.js.
- Developed a fully responsive Netflix clone using HTML and CSS.
- Created a Typing Master web app using JavaScript to test typing speed in real-time.

Thane

### Projects

#### AURA'S Clinic Website [🔗](#)

04/2025 – 05/2025

Developed a real-world website for AURA'S Clinic using Next.js, implementing additional functionalities such as lead management through email handling and automated data recording in Google Sheets.

<b>Personal Portfolio Website</b> 	09/2024 – 10/2024
Designed and developed a personal portfolio website to showcase my HTML, CSS, and JavaScript skills. The website's modern design highlights my projects for potential clients and employers.	
<b>Typing Master Web App</b> 	02/2023 – 03/2023
Built a Typing Master web application that uses advanced JavaScript to live-check user typing speed and accuracy. The app provides real-time feedback and displays results, enhancing the user experience and helping users improve their typing skills.	
<b>Netflix Like Frontend</b> 	12/2022 – 01/2023
Crafted a Netflix-like frontend using pure HTML and CSS. The project features a responsive design that mimics the Netflix interface, showcasing my skills in front-end development and attention to detail.
